

## LW CYPSC Early Years 'Promoting Play' Resource List 2021

The following resource list has been collated by members of the Longford Westmeath CYPSC Early Years Learning Subgroup and is not exhaustive of all resources currently available. This list has been collated as a tool to assist those working in the early years sector and for parents. LW CYPSC are not affiliated with any of the resources being promoted in this document however our member organisations have found the resources contained within to be of huge value in their work with children and families
